Re: April (Key West) agenda

Our committee would like to reserve a 10 minute spot on the schedule so that we can present our Golden Shoe award to the Monroe County Commission for its work in making Palm Avenue "pedestrian-friendly."

We will have a brief powerpoint presentation, then present the trophy and certificate. We assume that Mayor Spehar will be accepting on behalf of the commission.

Please let me know if you need additional information. Also, can you give us a time certain and tell us who we should contact in order to be sure our powerpoint equipment will work in the meeting chamber?

Thank you!
